

DELHI NATIONAL PUBLIC SCHOOL.
(2024-25)

SUMMER HOLIDAY HOMEWORK

Name

CLASS

Delhi National Public School

It's summertime when faces light up with a grin

As holidays are about to begin

It's time for the children to play and enjoy

Free, unbound, high-spirited but safe at home

Dear Parents,

The academic session 2024-25 has begun in full swing and students have well settled in their classes. It is vital to enable our learners to foster an outlook that helps them explore, discover, and rediscover. Summer vacation is the best and fruitful time for learning and nurturing creativity. Amidst all the fun and frolic, let's twirl our fingers and mind for a bit of homework. A variety of fun-filled activities are given to be attempted during summer break. Use your energy and give a vent to your creativity. It will surely enhance your learning process.

General Instructions:

1. Homework will be done on A4/A3 size sheets as instructed. All sheets to be filed in a beautifully decorated handmade folder, with your name and class clearly written at the top.
2. Originality of work will be appreciated.
3. Homework will be assessed on the basis of neatness, creativity, and originality of ideas.

Subject-English

Q1. You've got a chance to plan a trip to an Island with your favourite cartoon character in your summer vacations. Prepare a Comic book showing all the events that may happen there. (include the conversations, photographs of all the things you've got to attend throughout the journey and at the destination).

Q2. Prepare a party eye/ face mask and add the adjectives which shows its relevance. You may add variety of material for making it more attractive like feathers, glitters etc. Reference pic:-

Science

1. You must have seen a garden lizard around your home. Next time whenever you see it, observe carefully and find out what it takes for food. Is the food different from that of a house lizard? Note down your observations.
2. Make a list (with pictures, when possible) of food items generally taken by people of different regions of India. Place these on a large outline map of India to display in your classroom.
3. Find out the names of plants that grow in water and which are eaten as food.
4. Prepare some sprouts of moongas discussed in the chapter. Wash them in water every day and drain all the water. Let them grow for a week until the whole of the seeds grow into young plants. Measure the lengths of the sprouts everyday using a string and write it on A4 size paper ?
5. Prepare a Table of some Diseases/ Disorders caused by deficiency of vitamins and minerals. [Refer your book]
6. Review and learn all the chapters done in class for PA1
